

Genie Z45/25J Bi Energy

Ref: WP7073 / £23,950.00

Overview

Used 2013 Genie Z45 Bi-energy with only 686 hours on the clock. This machine includes a 1.52m jib boom, AC power to the platform, zero-tail-swing, proportional joystick controls, tilt alarm and travel alarms. This is an ideal machine for warehouses, manufacturing plants and general maintenance work due to its 15.94m working height and 227kg lift capacity. This model has been fully re-sprayed and will be supplied with a 6-month warranty and 6-month LOLER certificate. A full service will be carried out prior to delivery.
