

Genie GS-3232 E-Drive

Ref: WP16545 / £POA

Overview

The Genie GS-3232 is the machine of choice for those needing to get up high in a narrow space. This scissor lift is just 0.81m wide, but has the ability to reach an 11.78m working height indoors, and 7.49m outdoors. This E-Drive model features Genie's powerful AC electric drive motors for unmatched driving performance and industry-leading runtime per battery charge.
