

Genie GS4655 E-Drive Electric Scissor Lift

Ref: WP16148 / £22,500.00

Overview

The Genie GS4655 E-Drive is a robust, eco-friendly electric scissor lift engineered for high indoor and outdoor access in restricted spaces. It offers operators an excellent combination of working height and lifting capacity capabilities with powerful electric drive motors to maximize productivity, whilst minimising emissions and being quiet in use. 3 person occupancy indoors and out doors, with a large platform space and 1.22m slide-out extension deck.
